Management Responsibility

The accompanying financial statements comprising of Statement of Sources and Uses of Funds, Statement of Uses of Funds by Project Activity, Statement of Unit of Output by Project Activity, Statement of Breakdown of Loans and Grants, Statements of Withdrawals (SOE's), Designated Account Statements and related disclosure Notes (further referred as to “Project’s Financial Statements”), of the Ministry of Finance of the Republic of Macedonia (MoF), “Municipal Services Improvement Project” (further referred to as the “Project”), financed under International Bank for Reconstruction and Development Loan (IBRD) numbered 7699-MK (“Original loan”) and Loan numbered 8158-MK (“Additional financing”) as at and for the year ended 31 December 2014 on pages 4 to 44, are the responsibility of, and have been approved by the Project’s management.

The accompanying Project’s financial statements have been compiled by the Project’s management, for the purposes of reporting to the MoF and the International Bank for Reconstruction and Development, in conformity with the related requirements of the World Bank’s financial reporting guidelines and in compliance with the relevant provisions set out in the Loan Agreement numbered 7699-MK dated 29 June 2009, Disbursement letter, dated 29 June 2009 and Loan Agreement numbered 8158-MK dated 7 June 2012.

Project’s management, in furtherance of the integrity and objectivity of the Project’s financial statements, has developed and maintained an internal control structure, including the appropriate control environment, accounting systems and control procedures. Project’s management believes that internal controls provide assurance that financial records are reliable and form a proper basis for the preparation of financial statements, and that assets are properly accounted for and safeguarded. There are, however, inherent limitations that should be recognized in considering the assurances provided by the internal control structure. The internal control process also includes management’s communication to employees of policies, which govern ethical business conduct.

Grant Thornton, Independent Auditors, have been engaged to audit these Project’s financial statements in accordance with the International Standards on Auditing. Their report is included on pages 2 and 3.

To the Management of the Project

We have audited the accompanying financial statements of the Ministry of Finance of the Republic of Macedonia (MoF), "Municipal Services Improvement Project" (further referred to as the "Project"), financed under International Bank for Reconstruction and Development, Loan numbered 7699-MK and Loan numbered 8158-MK comprising of the Statement of Sources and Uses of Funds, Statement of Uses of Funds by Project Activity, Statement of Unit of Output by Project Activity, Statement of Breakdown of Loans and Grants, Statement of Withdrawals, Designated Account Statements and related disclosure Notes (further referred as to "Project's Financial Statements) as at and for the year ended 31 December 2014 and included on pages 4 to 44.

Management's responsibility for financial statements

These Project's financial statements are compiled for the purposes of reporting to the MoF and the International Bank of Reconstruction and Development (IBRD) management, and are the responsibility of the management of the Project. The Projects' management is responsible for developing and maintaining such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

The Project's Management policy is to prepare the accompanying Project's financial statements on the cash receipts and disbursement basis in conformity with the related requirements of the World Bank's financial reporting guidelines and in compliance with the relevant provisions set out in the Loan Agreement numbered 7699-MK dated 29 June 2009, and the Disbursement letter, dated 29 June 2009 and Loan Agreement numbered 8158-MK dated 7 June 2012. On this basis, cash receipts are recognized when received rather than when earned and cash expenditures are recognized when paid rather than when incurred.

Auditor's responsibility

Our responsibility is to express an opinion on these Project's financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Project's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of "Municipal Services Improvement Project", financed under International Bank for Reconstruction and Development, Loan numbered 7699-MK and Loan numbered 8158-MK, present fairly, in all material respects, the Project's financial position as at 31 December 2014, and the movement on the Sources and Uses of Funds, Statement of Uses of Funds by Project Activity, Statement of Unit of Output by Project Activity, Statement of Breakdown of Loans and Grants, Statement of Withdrawals and Designated Account Statements as at and for the year ended 31 December 2014, in conformity with the related requirements of the World Bank's financial reporting guidelines and in compliance with the relevant provisions set out in the Loan Agreement numbered 7699-MK dated 29 June 2009, and the Disbursement letter, dated 29 June 2009 and Loan Agreement numbered 8158-MK dated 7 June 2012.

In addition:

- Adequate supporting documentation has been maintained to support claims to the World Bank for replenishment of expenditures incurred, and which expenditures are eligible for financing under the Loan Agreement numbered 7699-MK and Loan Agreement numbered 8158-MK,
- Adequate procurement procedures have been established and implemented, in compliance with the World Bank Procurement regulations and guidelines, and
- In regard to the provided Sub-loans funds to the municipalities, the applied procedures and supporting documents confirms that funds are utilized in efficient manner and for the purposes intended, in accordance with the separate on-lending agreements and provisions stipulated in the Loan Agreement numbered 7699-MK and Loan Agreement numbered 8158-MK.

* On November 19, 2013 based on the mutual agreement between the Ministry of Finance and the Municipality of Stip (as signatories of the Agreement), the Government of the Republic of Macedonia made a decision to terminate Sub-loan Agreement No. MSIP 06/ 5 April 2011, before the completion of the sub-project “Arrangement of the central city area in Stip”. According to the Sub-loan Agreement conditions the Municipality of Stip is obliged to return the used amount received prior to the termination of this Sub-loan agreement. On 17 December 2013, the Municipality of Stip returned portion of the disbursed sub-loan funds to the MSIP project. During the second half of 2014, additional portion of the disbursed sub-loan in the amount of 24,383 EUR was returned to MSIP project in 5 equal instalments. These funds are deposited on the MSIP Treasury account and are used for financing of the Project’s eligible expenditures.

2 Project Objectives, Activities and Institutional Arrangements

Project Objectives and Activities

The objective of the Project is to improve transparency, financial sustainability and delivery of targeted municipal services in the Participating Municipalities. The Project consists of four components:

Component A: Municipal Investments

Provision of Sub-loans to the Participating Municipalities to finance Sub-projects in the area of water and sanitation services, solid waste management and other revenue-generating or cost saving investments in communal services selected in accordance with the criteria and procedures set forth in the Project Operational Manual.

Component B: Capacity Building and Institutional Reform

1. Provision of consultants' services and Training to the Participating Municipalities to assist with Sub-projects preparation and implementation.
2. Provision of consultants' services and Training to the Participating Municipalities and their communal service enterprises to strengthen their capacity in service provision, communications and public outreach activities and in meeting the selection criteria for Performance-based Investment Grants under Component C of the Project.
3. Institutional strengthening of the Borrower's national agencies through study of policy issues and strategy development related to the financial sustainability of municipal services.

Component C: Performance-based Investment Grants

Provision of Performance-based Investment Grants to selected Participating Municipalities that meet the performance criteria set forth in the POM as an incentive and reward for improving the performance of municipal service delivery.

Component D: Project Management, Monitoring and Evaluation

Strengthening the capacity of PMU, Participating Municipalities and their communal service enterprises for Project management, monitoring and evaluation through the provision of goods, consultant services, including Project audit, Training, and financing of Operating Costs.

As of 24 December 2014, with the Amendments to both Loan Agreements, a new Component E has been added to Schedule.

Component E: IPA Rural Investment Window

1. Provision of investment Sub-Grants to EC IPA Participating Municipalities
2. Provision of technical assistance in the form of consulting services, including technical assistance, surveys, studies and trainings to EC IPA Participating Municipalities, for the preparation of technical documentation, relevant analysis and studies for potential sub- projects, assistance on procedural and accounting issues, facilitation of workshop on common constraints, lessons learnt and best practices, etc. The technical assistance is to insure all EC IPA Participating Municipalities are able to benefit from investment Sub- Grants.
3. Financing of operational expenditure of the PMU related to the implementation of the part titled component E.
